cordlife
CARE360°
a **360° SAFEGUARD**
for You & Your Baby

With Cordlife Care360° Safeguard, you and your family will enjoy:

CORDLIFE SHIELD:360°

NEW!

Tender Loving Care for You and Your Family

Cordlife provides the coverage of possible pregnancy and childbirth complications[^], so that you and your family can have an added peace of mind.

CORDLIFE PLEDGE:360°

Our Pledge to Quality Processing and Storage Standards

Cordlife assures you of a cord blood unit of suitable match or SGD\$50,000* to defray medical costs if the cord blood unit loses its viability at point of transplant[^].

CORDLIFE MAX:360°

Maximise with Sepax[®] 2 Automated Processing Technology. *FIRST* in Singapore

Cordlife, with its investment into the latest automated stem cell processing technology, seeks to facilitate the optimisation of your baby's cord blood stem cells – so that you get more cells for maximum transplant success[^].

CORDLIFE PROTECT:360°

Freedom for You and Your Family

Cordlife, together with an international insurer, will waive off your child's future storage payments if you or your spouse passes away or suffers from Total and Permanent Disability (TPD)*. Depending on the payment plan you elected, your family may also receive a token fund*.

CORDLIFE ASSURE:360°

Assurance Tests prior to a HSC Transplant

Cordlife will cover the cost for matching Human Leukocyte Antigen (HLA resolution test) and viability (CFU Assay) prior to the Haematopoietic Stem Cell Transplant (HSCT)*. This is Cordlife's assurance to be with you if there is a need for the release of your child's cord blood.

CORDLIFE GUARD:360°

Safeguarding You and Your Family

Cordlife has taken added insurance coverage, to safeguard you and your family from financial loss that results from direct malpractice*.

**WHO'S ELIGIBLE FOR
CORDLIFE CARE360°
SAFEGUARD?**

[^]Conditions apply.

*Eligible for all parents who enrol with Cordlife from 7 May 2014.

*Kindly note that this brochure is for general information only. Please refer to the Cordlife Service Agreement for full details and its terms and conditions. Cordlife Group Limited reserves the rights to amend or cancel any of the benefits listed in this brochure without prior notice. International quality standards may differ between the time of enrolment and time of release of your baby's cord blood unit for transplant. All reasonable efforts will be made to adhere to the prevailing standards at the time of release of your baby's cord blood unit. HLA testing and CFU Assay may or may not cease to become a mandatory quality check.
